

PRESIDENT OF JUNIATA WILL TALK AT DINNER

President Calvert N. Ellis, of Juniata College, Huntingdon, will be the guest speaker at the annual banquet of Juniata College alumni and friends to be held Thursday evening at 6:30 o'clock in the Trinity Reformed and Evangelical Church social rooms.

President Ellis, who last fall completed ten years as president of Juniata College, has the distinction of succeeding his father, the late Dr. Charles C. Ellis, as college president. A graduate of Juniata College and former professor on its faculty, President Ellis is active in educational religious affairs.

In addition to his position as president of the Pennsylvania Association of the Colleges and Universities, President Ellis serves as a member of the Commission on Institutions of Higher Education of the Middle States Association of Colleges and Secondary Schools and is chairman of the Commission on the Arts of the Association of American Colleges.

Manages Orchards

The college administrator is also an active leader in the Church of the Brethren. He is now chairman of the General Brotherhood Board, the highest administrative agency of the denomination.

In addition to his college and church duties, President Ellis is manager of the D. M. Wertz orchards in Waynesboro. In Huntingdon, he is a director of the First National Bank, a trustee of the J. C. Blair Memorial Hospital, and a member of the Rotary Club.

Entertainment for the dinner will be provided by the Varsity Male Quartet of Juniata College. Harold B. Brumbaugh, assistant to the president of the college, will show colored pictures of the college and report on campus affairs.

Charge And Hospital Trip Follow Mishap

Donald Crawford, 28, Gettysburg R. 2, was admitted as a patient at the Warner Hospital Friday evening after he cut his right hand on a glass at the Blue Parrot.

Borough police said Crawford was pounding with the glass on the bar top when the glass broke and cut through his hand. A charge of disorderly conduct has been filed before Justice of the Peace John H. Basehore by the proprietor of the establishment, James A. Aumen, and police said Crawford will be removed to the county jail when he is recovered sufficiently at the hospital.

The incident occurred about 8:30 o'clock Friday night.

MISS SCHWARTZ TO BE BRIDE IN EASTER WEDDING

Miss Mildred E. Schwartz, daughter of Mr. and Mrs. Walter M. Schwartz, Littlestown R. 1, will become the bride of Fern A. Bachman, Taneytown R. 2.

MISS SCHWARTZ

son of Mrs. N. A. Hitchcock, Taneytown, in a double ring ceremony Easter Sunday afternoon at 2 o'clock at the Mt. Joy Lutheran Church.

Rev. Charles E. Heid, pastor of the Mt. Joy Church, and the Rev. Morgan Andreas, pastor of Grace Evangelical and Reformed Church, Taneytown, will perform the ceremony before an altar banked with white lilies.

To be given in marriage by her father, the bride will wear a white ballerina-length gown of embroidered net over tulle. Her veil will be held in place by a pearl crown headband and she will carry a white prayer book topped with white gardenias and stephanotis. Her only jewelry will be a double string of pearls, a gift of the bridegroom.

Miss Jo Ann Wolf, Gettysburg, maid of honor, will wear a ballerina-length gown of mint green net over tulle, with matching headband and will carry a colonial bouquet of carnations, lilies and daisies.

The Misses Nadine and Mary Jane Schwartz, sisters of the bride, who will serve as bridesmaids, will wear blue and pink net gowns over tulle with matching headbands and will carry colonial bouquets of pink carnations, snap dragons and lilies.

CAR, TRUCK COLLIDE

Damage was described by police as slight Friday when a truck and car collided on W. Middle St., at the alley immediately to the rear of the Court House. Police said Frank Hungerford, Bolivar, N. Y., was driving east on W. Middle St. when a truck driven by Harry Flickinger, Gettysburg R. 5, attempted to back out of the alley and the rear of the truck dented the door of the auto.

Pope Will Give Blessing In Rome Early Easter Morning

VATICAN CITY (AP)—The giant bronze bells of St. Peter's Basilica rang joyously today, announcing the end of Lent and the beginning of the Easter vigil.

Throughout Rome, bells were rung as celebration of mass services reached the "Gloria."

Here, as throughout the Christian world, preparations were being made for the celebration of tomorrow of Christ's Resurrection.

At St. Peter's Basilica Pope Pius, 78-year-old convalescing head of the Roman Catholic Church will appear tomorrow to give his blessing "Urbi et Orbi"—to the city and the world.

Today there was fair prospect, sunny weather tomorrow will gladden the biggest throng of pilgrims and tourists that have ever come to Rome for Easter.

Thousands from many countries—especially Germany, France, England, Ireland, Belgium, the

GIVES SERIES OF 7 DISCOURSES ON WORDS ON CROSS

More than 300 attended the annual "Three Hours Agony" devotions at St. Francis Xavier Catholic Church Friday afternoon from 12 to 3 o'clock in observance of the period when Christ was upon the cross at Calvary.

Rev. Fr. Patrick F. Murray, S.J., repeated the story of the Crucifixion in a series of seven discourses based on the Seven Last Words of Christ.

"Today the cries of the mob before the cross of 'Come down from the Cross' still ring out. We still say 'We will follow Thee O Christ if you come down from the cross, if you make it easy. But Christianity is not easy. We must carry our cross as Christ carried His and carry it daily,' Father Murray said. Other excerpts from his talks follow:

"His Death A Personal Thing"

"The death of Christ is a personal thing. He did not die for us, as a mass of individuals. The gospels tell us He died for me, for each of us in a personal way.

"There was no glamour on Calvary. It was dust and dirt and sweat and blood and agony.

"The consciences of many in the mob began to awaken and they realized what a grievous thing they had done by crucifying an innocent man, and to still their consciences and justify themselves, they shouted out even louder the vilest things they could say against him.

"The More Terrible Pain"

"It was characteristic of Christ that he should think of others rather than himself, that in His horrible agony He should turn to the Blessed Virgin and St. John and say to her, 'Woman behold thy son,' and to the disciple 'Behold thy mother' And thus make His mother, our mother as well.

"Christ deliberately permitted everything in His passion. To the terrible pain that man had caused by the crucifixion it was necessary that He add the even more terrible pain of abandonment. He had to screen off from His soul the knowledge of what He was and what He was doing to permit His soul to know the depths of agony of abandonment by God.

"But we should not objectively on this day consider the death of Christ on the cross. Each should ask himself individually—what part did I play in Christ's suffering. Each of us knows his own sins. What did you contribute to Christ's suffering on Calvary?"

The prayers for the three-hour service were led by the Rev. Fr. Anthony F. Kane, pastor of the church, and the Rev. Fr. Wallace E. Sawdy, assistant pastor.

SCHEDULE TWO CIVIL ACTIONS

Only two civil suits are scheduled for the April term of court according to the trial list prepared by Prothonotary Wayne K. Shields.

Originally three cases have been set down for the term, but approval by the court of the return of Colt Park land to its original owners after the Gettysburg joint school district had claimed the area led to discontinuance of the scheduled hearings on the appeal of the school board from the findings of viewers.

The cases scheduled are both actions in trespass resulting from auto accidents. Camille Hayes, Washington, D. C. is suing Lloyd D. Lerew, York Springs R. 1 and R. C. Kennedy, York Springs, as a result of a crash just north of York Springs on the Harrisburg Rd. August 13, 1952 when Hayes' car and a truck driven by Lerew and owned by Kennedy collided.

In the other case Charles J. and Laura Harnish, Baltimore, are suing Shirley R. Storm, Littlestown R. 2, as a result of an accident May 11, 1952, three miles west of Littlestown on the Littlestown-Taneytown Rd.

Heavy Traffic Begins Friday

Hotels, restaurants and tourist courts reported capacity or near capacity business Friday and Friday night as holiday traffic jammed the town's main streets throughout the day.

With an improvement in the weather forecast for this afternoon and Sunday, heavy traffic was expected throughout the weekend.

Although a large proportion of Friday's traffic was said to be "local" there was also a heavy flow of tourist traffic through the community and over the Battlefield. Local stores were busy with holiday shoppers excepting from noon to 3 p.m. when most local business places closed.

The long Easter vacation which for many extends from last Wednesday or Thursday until next Monday or Tuesday put many families on the highways for holiday trips.

Here And There News Collected At Random

Next week is National YWCA Week. It will be observed by more than three million members. For almost a century this well known organization has dedicated its efforts to the welfare of women and girls.

The theme for the week is "They go to church; they go to school; they go to work; they go to the YWCA — Let's keep them going." It is a theme which emphasizes the fact that the YWCA is a permanent force for the good in our community and works side by side with other proved institutions for the welfare of our citizens.

Founded 99 years ago as a "fellowship of women and girls, devoted to the task of realizing in our common life those ideals of personal and social living to which we are committed by our faith as Christians," the YWCA puts into everyday practice its ideals of Christian democracy. Through the years it has lived and practiced what it believes in, the common brotherhood of all men.

Long a pioneer in programs of social welfare, today it carries 1,433 units of work in the communities of the nation and plays a vital role in the lives of girls and women in 64 other nations around the globe.

"In our country the YWCA is a part of normal living and development among our youth, even as the church and school. As an organization dedicated to helping meet the needs of young women, it offers varied opportunities for the personal development and effective citizenship in a democracy. ITALY, AUSTRIA HIT BY STORMS

ROME (AP)—A pre-Easter storm whipped down from the Alps into Italy today, endangering shipping and giving the country a touch of wintery weather.

Throughout the rest of Europe the weather was unseasonably cold and generally stormy. In central Austria raging blizzards hampered a search for 13 German students and teachers missing since Thursday night in the rocks and slopes of the Dachstein Mountain.

In Rome, a record throng of tourists, hoping for a sunny Easter holiday, awoke today to a cold, grey day and weather forecasters held back predictions for Sunday although the sun shone weakly through the clouds during the day.

DAWN SERVICE ON ROUND TOP

Members of the Westminster Fellowship groups at the Presbyterian Church will go to Little Round Top Sunday morning for an Easter Dawn service that will be followed by a breakfast at the church.

Members and guests will meet at the church at 5 a.m. and go to Little Round Top where Lewis Crow of the Senior Westminster Fellowship will be on charge of the service. Instrumental music will be furnished by Carolyn Ketterman, Bonnie Jean Scott and Ann McIlhenry.

Marcia Hoy is in charge of arrangements for the breakfast which will follow in the church social rooms.

Invitations have been extended to young peoples' groups in other churches of the community who had not made previous plans to attend the Christian Endeavor dawn service at the Seminary chapel. Advance reservations have been asked for attendance at the breakfast.

In case of rain, the dawn service will be held at the church.

"MAKE CHRIST'S CROSS YOURS," BAUGHMAN SAYS

"The essence of the central truth of the Cross is summed up in Christ's cry 'Why' in His agony on the Cross," Dr. Harry F. Baughman, Gettysburg Lutheran Theological Seminary president, said Friday afternoon in his sermon at the Community Good Friday service in St. James Lutheran Church.

"Good Friday is not a time for much speaking but rather a time for meditation upon the profound truths that rest in the crucifixion. It is a time for reverent contemplation and for sincere receiving of the deep and central truth of Christ's Cross.

"That truth is composed of many facets but its essence may be found in Our Saviour's words 'My God, My God, why has Thou forsaken me?'"

Anthem By Choir

Pointing out that Christ has spoken three other times from the Cross in concern and in charity for others before these words of anguish were wrung from his lips, the speaker said: "Men usually ask 'why' first. That question is the one that wrote the book of Job; it is the question of the book of Habakkuk, the psalmist contemplating the sorrows of the godly asked the same question and we ask 'why' as we see evil and tragedy approach."

Asserting that Christ's words "more deeply disclosed his identity with mankind to save whom he was suffering," Dr. Baughman continued: "He was about to be made sin on our behalf and his pure soul shrank from that experience. It was not the physical suffering he feared. The Cross was not His but humanity's. The Cross was not His place but your place and mine. He offered himself there for us. Now turn the paradox about and make Christ's Cross your Cross."

The church auditorium was well filled for the service that opened with a 15-minute organ meditation by Richard B. Shade, minister of music at St. James, using Franck and Bach selections. After the processional hymn, the service was conducted by Dr. Ralph R. Gresh, pastor of the host church. The scripture reading was John 19:17-30.

EGGS JUMP FIVE CENTS A DOZEN AT MART TODAY

Eggs jumped a nickel a dozen, and sales were at a seasonal peak at the Farmers Market this morning.

Large eggs were selling at 50 to 55 cents a dozen, jumbos at 60 cents a dozen. Some stands had a differential of 5 cents between whites and browns, with the customers, preparing for Easter morning's traditional colored eggs, seeking mostly whites. Mediums ranged from 45 to 50 cents a dozen at the stands. The increase on the local mart reflected the general nationwide increase in the city markets caused by increased demand for eggs over the Easter season.

Six o'clock this morning seemed to be the peak hour for the local market, with the farmers reporting the period one of the best in many weeks.

Sassafras Today

Most greens were sold during that period, with spring onions, water cress, dandelion greens and similar articles selling well. The onions were ten cents a bunch, and the watercress and greens at 15 cents a box.

There was a brisk demand for cut chicken at 75 cents a pound.

Whole chickens were 60 cents a pound as were dressed rabbits. Cured ham was selling at \$1.30 a pound for center cuts and \$1.20 a pound for other cuts.

There was some sassafras on sale at 25 cents a pack, with farmers reporting that sales were fairly brisk.

Apples continued at \$3 to \$4.50 a bushel, or 60 cents a half peck.

There was some homemade soap on the stands at five cents a cake.

Other prices at the mart today included canned peaches at 30 cents a quart jar, 50 cents a half gallon. Onions were 15 cents a box; cottage cheese, 20 cents; potato salad, 25 cents a pint; cup cheese, 30 cents a pint; cream, 40 cents a pint; butter, 75 cents a pound; black walnuts, 20 cents a box; black walnut kernels, 40 cents a quarter pound; hickory nut kernels, 40 cents a quarter pound.

Pies were 40 to 50 cents apiece; potatoes, 40 cents a half peck and 60 to 75 cents a peck; cookies, 25 to 35 cents a dozen; apple butter, 50 cents a jar.

POWER CUT OFF; LINES FIRE TREE

Power was disrupted for several hours and traffic had to be re-routed after wires from a Metropolitan Edison transformer became entangled in a tree and set it afire Friday night on the property of Howard Geiselman, Hanover R. 4, west of Brunshtown.

Firemen from two area companies were standing by early this morning awaiting repairs to the transformer after its wires set fire to the large tree at about 10 p.m. One limb was reported burned off and the fire still was smoldering in the upper branches of the tree.

Residents of the Mt. Rock area were without electric power for several hours, and for one hour fire police detoured all traffic from the Hanover-Gettysburg highway. One-way traffic was resumed there about 11 p.m.

Repairs were delayed when the Hanover crew of Metropolitan Edison came to the site

FIRE DESTROYS HISTORIC HOUSE

TOWANDA, Pa. (P) — Fire destroyed the interior of the historic Hagerman House in French Azilum, near here, last night.

The occupants of the house, Mr. and Mrs. Mark Hagerman, had been visiting neighbors. The fire was discovered by another neighbor, Mrs. E. M. Miller, who called firemen. Three fire companies answered the call.

There was no estimate of damage.

The home was built in 1836 by John LaPorte, one of the French Royalists who fled his homeland during the French revolution. It was made of solid wood planking and still had the original wallpaper and many old French furnishings.

The home had been a showplace for visitors to this area for many years. Just recently a movement had been started to restore the old French village with the Hagerman House as the center. Mrs. Hagerman, who also dealt in antiques, lost her complete stock in the fire.

INFERS NIXON WAS "OFFICIAL"

LONDON (P) — The London Times' Washington correspondent indicated today that Vice President Nixon was the "high administration source" who said America must be ready to send troops to Indochina if they are needed there.

The correspondent started his story by saying the statement was made by "what is described as a high administration source." After a few lines of direct quotes from the statement. The correspondent wrote:

"The only 'high administration source' who made a speech this Friday afternoon was the Vice President. Mr. Nixon spoke 'off the record' to the annual meeting of the American Society of Newspaper Editors."

The correspondent then went on with his account of what "the source" had said.

The story was so written that readers of The Times would get the clear inference it was Nixon who was being quoted.

PHILADELPHIA (P) — William A. Kelley, Federal Housing Administration director for Eastern Pennsylvania, says he doesn't think any FHA laws are involved in the case of 19 housing projects reportedly built in this area at a cost below the amount of their FHA mortgages. The cases were reported Thursday by the Internal Revenue service.

Ex-Senator Pepper Submits To Surgery

PHILADELPHIA, April 17 (P) — Former U. S. Sen. George Warnton Pepper of Pennsylvania, 87, underwent an operation at suburban Bryn Mawr Hospital yesterday in which surgeons pinned together broken bones in his left hip.

Pepper, a Republican, fractured the hip early Thursday as he was getting out of bed at his home in nearby Devon. A hospital spokesman said he is "resting comfortably and is very cheerful."

He was in the Senate from 1922 through 1927.

DIPLOMAT'S WIFE TERMED BETSY ROSS OF AUSTRIA

By Jane Eads
WASHINGTON (P) — Mrs. Karl Gruber, vivacious brunette wife of the new Austrian ambassador, has been described as a modern version of Betsy Ross in her own country.

A member of the anti-Nazi resistance movement in her native Vienna, she made scores of Austrian flags in anticipation of the uprising against the Germans near the close of World War II. Her distinguished, six-foot-three blond husband headed the famed "Flower Garden" movement of Austrian patriots, so called because the names they used were always those of flowers.

Fine Linguist
Both the ambassador and his wife speak fluent English besides their native German and are familiar with the United States. Mrs. Gruber also speaks French, Italian, Spanish and Hungarian. She first came here in 1939, when the Nazi threat began to look serious, to discuss arrangements for a teaching post at Fordham University for her husband, who was then in charge of the international telecommunications division of the Austrian postal administration.

The Nazis moved in before he could leave, and she joined him in the resistance movement. During the years from 1945 to 1953, while Dr. Gruber served as Austria's foreign minister, he and his wife made three visits to the United States and in these they covered practically every state in the union.

A self-made man who started out as an electrical engineer and studied law and economics in his spare time, winning doctorates in both, Dr. Gruber was professor of economics at the University of Vienna "when he was named foreign minister. He was only 35.

Castle Home
The Grubers have a beautiful house on the outskirts of Vienna, on the estate of old Belvedere castle, which was the summer palace of Prince Eugen of Savoy, who led the war against the Turks in the 17th and 18th centuries, stopping the invaders short of Vienna.

Mrs. Gruber, a witty and talented hostess, was born in Vienna and went to school and college there. She worked with a firm in Brussels before her marriage and after the downfall of the Nazis, when her husband became governor of the Tyrol, served as his secretary.

With the Grubers are their two prized Irish terriers, Jackie and his daughter Snippy. Dr. Gruber is fond of walking their mornings and late evenings down "Embassy Row," on Massachusetts Ave.

EDITORS RAP BAR PROPOSAL TO CURB NEWS

WASHINGTON (P) — The nation's editors were told today that proposals before the New York State Bar Assn. to ban the release of pre-trial information on criminal cases would jeopardize both freedom of the press and the right of fair trial.

Robert C. Notson, managing editor of the Morning Oregonian, Portland, arranged to report on the New York proposal to the American Society of Newspaper Editors as the group neared the close of its three-day annual meeting here.

Notson attacked the proposal, in the current issue of the Society's Bulletin, as a "regression in Democratic process" which "should be resisted by every citizen who believes in free institutions, including members of the Bar."

The ASNE Committee on Freedom of Information yesterday listed the New York lawyers' resolution among recent developments in several states, which, the committee charged, threatened "the people's access to their courts."

"Overworked Smeared"
Notson said the alleged justification for the clampdown proposal is to prevent "trial by newspaper." This, the Oregon editor declared, is a "badly overworked smear phrase, frequently the alibi for losing counsel."

Actually, Notson said, "investigations of newspapermen and their cooperation with law enforcement officers have resulted many times in the conviction of the guilty and the freeing of the innocent."

Without public knowledge of the evidence and the investigation, he added, the public cannot judge the work of its law enforcement officers, prosecutors and judges.

"Such a law as that now proposed could be very useful to arbitrary, stupid and corrupt officials in evading a proper accounting for their acts," Notson said.

On the closing-day agenda the Society listed the election of a new president, shop-talk sessions ranging from slanted writing to newspaper coverage of the last Kinsey report, a luncheon speech by Robert H. Winters, Canadian minister of public works, and a dinner address by former President Herbert Hoover.

Siamese Twins Die 20 Days After Birth

MONTREAL (P) — Siamese girl twins died yesterday, 20 days after their birth.

One of the babies, children of Mr. and Mrs. James Savage, died while they were being transferred from Catherine Booth Hospital, where they were born, to the Montreal Neurological Institute. Doctors operated in an attempt to save the life of the other twin, but failed.

The twins were born in a rare triple birth March 27. The third child, also a girl, is doing well at home.

The babies were joined at the crown of the head in such a manner that they were forced to lie end-to-end.

AIR FORCE OUSTS RED SUSPECTS

WASHINGTON (P) — The Air Force has reported the dismissal last year of 24 civilians and 54 uniformed personnel accused of links with Communists or Red-tinted organizations.

Air Force officials also told a House appropriations subcommittee in testimony made public today that another 150 military personnel were separated "for somewhat closely related reasons" and that an additional 104 such cases are under study.

Secretary of the Air Force Talbott said the civilian dismissals all "involved actual or alleged membership in the Communist party, or affiliations or sympathetic association with the Communist organizations or persons or Communist inclinations."

He said there were many additional resignations and separations for security reasons which had not yet been reported to headquarters here.

The military dismissals stemmed from 727 security risk cases investigated last year, Air Force officials said, adding that another 811 military cases are under investigation now.

Catholics Invited On May 23 Pilgrimage

Members of St. Aloysius Catholic Church, Littlestown, and others in the community who may wish to go, are invited to participate in a Marian Year Pilgrimage, on Sunday, May 23, being sponsored by lay members of the Annunciation of the Blessed Virgin Mary parish, McSherrystown, to the Central Association of the Miraculous Medal Shrine, of which the Rev. Joseph A. Skelly, C. M., is director, at Germantown. The trip will be made by bus, leaving from the church at 9 a.m. Tickets, at \$4.75 each, covering the round trip, may be secured from Mrs. Paul E. Altoff, as well as additional information concerning the pilgrimage.

Struck And Killed By Express Train

HATFIELD, Pa. (P) — A Reading Company train struck and killed Merle S. Lockhart, 39, of Hatfield as he walked along the tracks north of the Vine St. grade crossing this morning.

Engineer Joseph Maffa, of Glenside, said he did not see Lockhart, but brought the Bethlehem-Philadelphia passenger train to a stop after feeling a jolt. The express train was passing through Hatfield about 6:50 a.m., at the time of the accident.

COOL DISCUSSION

CHICAGO (P) — Two gunmen robbed Matthew Zaucha, 35, of \$300 in his grocery store last night and then argued on whether to force him into his walk-in meat cooler. They finally decided to put Zaucha into the refrigerator after he assured them he could get out without freezing.

COSTLY FIRLS

BOYNE CITY, Mich. (P) — City Council figured it costs an average of \$18 for the fire department to answer alarms on grass fires that get out of control. So the council decided to offer free grass service this spring. Any resident who wants to burn grass is asked to call the fire department. A fireman will call and burn the grass, safely.

BOAT HITS BARGE

PITTSBURGH (P) — A \$300,000 steamboat ran on top of one of two loaded barges it was pushing today, ripping open its hull. Barges were lashed to each side of the steamboat and several smaller vessels attached lines to the front end to keep the big stern-wheeler afloat until it could be towed to shore.

NEGOTIATIONS OFF

PITTSBURGH (P) — Negotiation between Westinghouse Electric Corp. and CIO International Union of Electrical Workers have adjourned indefinitely.

Company and union representatives met for four hours yesterday. A company spokesman said Westinghouse had not presented its answer to the union's demands.

of service and wish it continued growth and success in the future.

Here's a little admonition to the youngsters who ride bicycles which, if obeyed, may prevent an accident. We have been rather fortunate not to have had serious mishaps involving youngsters on bikes and motor vehicles. However, with more and more bike riders each year every precaution should be taken to prevent mishaps.

Here are a few simple rules for youngsters who ride bikes: Obey all stop signs and traffic signals. You are part of the vehicular traffic and must obey the laws.

Always ride on the right side of the street and as close to the curb as possible.

Always ride single file on all streets.

Don't carry another person on your bicycle, front or back.

Don't hitch onto trucks or cars.

Don't stunt or race your bicycle.

Don't weave in and out of traffic.

Always be on the alert for other vehicles, coming or going.

Be very careful when you pedal out of driveways or alleys. It is always best to stop, get off your bike and look both ways before proceeding.

Be sure your brakes are in good condition.

If you ride at night you must have a light and a reflector on the rear fender.

Railroads, constantly at work to improve their lines, are now considering a rail double the length—thirty-nine feet—of the one now in use. The seventy-eight foot rail, by reducing the

number of joints, would make riding smoother and require less maintenance.

For forty-eight years a railroad trackman, Charlie Boggan, of Georgiana, Ala., has made sure he'd never be broke. Ever since he was seven years old he has carried a dime in his mouth. Charlie says the ten cent piece is his lucky charm and feels that his confidence is well placed since he's never been sick nor without a job.

Probably the poorest excuse ever recorded was given by a motorist in Kansas City who ran his car into a freight train at a street crossing. He told police "I honked my horn." The unimpressed police arrested him on a reckless driving charge.

An unusual service was conducted at the 10:30 o'clock service Palm Sunday morning in the Trinity Reformed Church.

Six children were confirmed into the church. Rev. Dr. Howard S. Fox, pastor, officiated, assisted by Clarke Smith, West Broadway, former minister in the Reformed church, and William Swisher Jr., high school student and a student for the ministry in the Reformed church.

At the request of Rev. Dr. Fox, Rev. Mr. Smith confirmed his 13-year-old son, Philip Jones Smith, one of the members of the class.

TEN YEARS AGO

Emmitsburg Man Prisoner: Mr. and Mrs. Joseph W. Wivell, 100 DePaul street, Emmitsburg, have received a letter from their son, T/Sgt. Charles T. Wivell, revealing that he is now a prisoner of the Germans.

On January 5 the Wivells received a telegram from the War Department reporting their son was missing in action since December 14, 1943, following action over Greece.

Sergeant Wivell's letter, which was forwarded through the International committee of the Red Cross, follows: "Was shot down but not wounded. Had to bail out over enemy territory. Everything all right. Please do not worry. Love to all."

Mrs. A. R. Wentz Heads YWCA For Another Year: Mrs. A. R. Wentz was re-elected president of the Gettysburg YWCA at a meeting of the board of directors Monday afternoon at which she and other newly-elected officers and directors were installed.

Mrs. Lila Craig was chosen as vice president and Mrs. Carl C. Rasmussen was re-elected secretary. Mrs. Howard S. Fox is the treasurer. Mrs. Richard A. Brown and Mrs. John D. Teeter were installed as new members of the Board of Directors.

Officers Of Elks Lodge Installed: Newly elected officers were installed at a regular meeting of Gettysburg Lodge 1045, Benevolent and Protective Order of Elks Monday evening. S. Richard Eisenhart, a past exalted ruler, was in charge of the installation.

Those installed were: Exalted ruler, John W. Fox; esteemed leading knight, Arthur Buehler; esteemed loyal knight, George Bushman; esteemed feigning knight, W. Preston Hull; treasurer, C. C. Bream; secretary, Charles Pitzer; Tyler, Glenn L. Bream; trustee, C. B. Dougherty.

Baumgardner — Hankey: In the presence of the immediate families and a few close friends, Miss Margie E. Hankey, daughter of Mr. and Mrs. Richard Hankey, Gettysburg R. D., became the bride of C. Carl Baumgardner, son of Mrs. Ralph Brenizer, Cashtown, Saturday evening at 7 o'clock. The single-ring ceremony was performed at the home of the bridegroom by the Rev. John H. Ehrhart, pastor of the Fairfield Reformed Church.

Hahn-Colgan: Herbert William Hahn, U.S. Merchant Marine, son of Mrs. Rosalia Hahn, Hanover, and Mary Elizabeth Colgan, McSherrystown, daughter of Mrs. Francis X. Colgan, were united in marriage Monday by the Rt. Rev. Msgr. Patrick P. McGee, at McSherrystown.

Fund Is Sought For Extension Of Playground: Re-appointment of supervisors for the playground and a plan to establish a playground extension and equipment fund with which to develop the center after the war is over were among the decisions made Monday afternoon at a meeting of the Gettysburg Recreation Board at the Metropolitan Edison company office.

Fred P. Hahnen, instructor on chemistry at Gettysburg High School, and Miss Arlene Plank, daughter of Mr. and Mrs. Earl Plank, Gettysburg R. D., and a student at Kutztown State Teachers College, who have been supervisors at the playground since its establishment three years ago, were re-appointed for another term.

To secure a quota of \$500 set for the first year's contributions to the playground extension and improvement fund, the board planned to send letters to fraternal, civic and church organizations asking donations to the fund.

Present plans call for the construction of tennis courts and outdoor basketball facilities with part of the fund. Because it is impossible during the present time to secure playground equipment, all income over the amount needed to carry on the present work at the high school playground will go into the fund.

Board members Ralph Z. Oyler, Mahlon Hartzell, George March and Paul Kinsey attended the session.

By GEORGE MATTHEW ADAMS
VACATION DREAMS

People who boast that they have never taken a vacation have missed one of the great experiences of life. They get all bound up in themselves and only live half a life. I read about this class of people every day in the obituary columns of my newspaper.

The successful vacation is made up of three parts—the dream and anticipation over it, the interesting route to the place, and the place itself. Each part makes up the full vacation. It's the change and variety of experiences that make the ideal vacation. New friends to meet, new scenes, interesting books to read while relaxed, and communion with Mother Nature, who never lets us down.

For twenty-three years I have gone to my small summer island retreat, but never is it the same. There are always new adventures awaiting me. No two days are alike. I am newly stimulated in mind, heart, and body, and it is always a thrill to welcome friends for a visit. There is no fun in vacationing alone. There are always a few books that I save for my idle hours away from the noises and confusion of the city streets. There is a welcome from every star in the heavens.

We get acquainted with ourselves on a vacation more than at any other time, and other people are more interesting to us. There is plenty of time, too, to meditate upon the high purposes of life. It's a time for refreshment of spirit, as well as of body. Many a vacationist has returned home a new person. Many a song bird's call lingers in the memory, and many a flower's perfume fails to "waste its sweetness," for we treasure it in our heart.

Make that vacation of yours something long to remember—a dream happily fulfilled.

Protected, 1954, George Matthew Adams Service

Just Folks

ALL LIFE CAN GIVE
What is life's pleasure made of?
The light of a baby's smile,
The blend of the sun and shade
Of
The world for a little while.

The song of the kettle singing,
The peace of the living room,
The joy of a few friends bringing
The charm of the world to bloom.

A robe for the wintry weather,
A book and an open fire,
A family knit together
By love and the same desire.

Food on the oaken table,
Sleep when the day is done,
Health to be fit and able
Each morning to carry on.

Simple are life's real pleasures
From birth to our silent graves.
These are all that a rich man
treasures
And all that a poor man
craves.

Republican Candidate For Congress
In The May Primary Says—

While the fight for County Chairman rages, do not forget, if you want a Republican Congressman you must nominate a strong candidate who can win next Fall. Remember I won in the old district when F.D.R. was on the ticket and the district was 9,000 Democratic. Compare that with our candidate two years ago who trailed the Republican ticket in York County by 6,508 votes. You cannot elect a weak candidate next Fall.

NEW OXFORD — Mrs. Arthur S. Noel is reported slowly improving at the Warner Hospital where she was taken April 6 after a fall at her home in which she fractured a leg.

Dr. Arthur Hall, who practiced dentistry here several years ago and who now resides in northern New York State, visited here recently with Mrs. Hall.

Mrs. Kathryn Nell and Mrs. Maggie Miller were hostesses Thursday evening at the fire hall where a meeting of the Ladies' Auxiliary of the fire company was held.

Mrs. Fidelis Lingg entertained the 500 Club at her home Tuesday evening.

All children of this area between ages 2 and 10 are invited to spend Easter Sunday afternoon on the grounds of the Nu-Ox Rod and Gun Club north of town as guests of this sportsmen's group for an Easter egg hunt beginning at 1:30.

Churches. Anderson is a graduate of the local high school.

Miss Neida Gross, a student at Shippensburg State Teachers College, and a granddaughter of Mr. and Mrs. Eli J. Gross, here, was a recent visitor of her parents, Mr. and Mrs. Robert Gross, Thomasville, and of local relatives and friends.

NEW HAVEN ROAD PREXY BEATEN

By ED MORSE
and CARL J. LALUMIA
NEW HAVEN, Conn. (AP)—The forces of financier Patrick B. McGinnis, winning 11 of the 21 directorships, ended Friday the three-year regime of Frederic C. (Buck) Dumaine as president of the New York, New Haven & Hartford Railroad.

The battle for control of the half billion dollar road has shared the spotlight with the current struggle for the mighty New York Central Railroad.

The New Haven election also ended six years of Dumaine family rule which started in 1948 when the late father of the defeated president became boss. The elder Dumaine won with help marshaled by McGinnis and his group.

Succeeded Father
Dumaine Jr. succeeded to the presidency in 1951, immediately after his father's death.

The outcome of the bitter proxy fight for the New Haven closed a marathon session which lasted, with various recesses, a total of 4½ hours from its beginning at 2 p.m. Wednesday.

The grueling final day and night ended at 7:30 a.m. in the railroad's general offices near the bustling station here. A dozen recesses of various durations were ordered from time to time while a board of three tellers struggled through the mire of cumulative voting.

Under this system, each share had been entitled to 21 votes which could all have been cast for one nominee or split for specific candidates.

Veteran Dentist Dies On Thursday

BALTIMORE (AP)—Dr. Carl Edgar Smith, for 30 years a prominent Maryland dentist, died Thursday at Johns Hopkins Hospital.

The 72-year-old dentist, who retired in 1950, suffered a heart attack several weeks ago and had been critical ever since.

A native of Chambersburg, Pa., Dr. Smith moved to Baltimore for his education in 1912 and was a graduate of the University of Maryland Dental School. He taught at the Dental School and for many years was treasurer of the Maryland State Dental Assn.

Survivors include his widow, the former Anna Louise Brebeck; two sons, Dr. William Edgar Smith of Englewood, N.J., and C. Edgar Smith Jr. of Baltimore; and four grandchildren.

Funeral services will be Monday with burial here.

BUS DRIVERS VOTE STRIKE

CHESTER, Pa. (AP)—Union leaders announced Thursday that bus drivers of the Southern Pennsylvania Bhs Co. have voted to reject arbitration and to authorize a strike in support of their demands in contract negotiations.

The firm operates 94 buses on 19 routes serving the area between Wilmington, Del., and Darby, Pa. Contract negotiations broke down Tuesday.

An official for Lodge 1924, Brotherhood of Railroad Trainmen, said no strike would be started until approved by the brotherhood's national offices and after 48 hours advance notice to the public.

He said the company has offered a 19-cent hourly increase in a two-year contract for drivers who now receive \$1.60 hourly. The union is asking \$1.99 and a one-year contract.

Helpful Hints On Playing Third Base Given By Pie Traynor, Ex-Pirate Star

By HAROLD (PIE) TRAYNOR
(Written for the AP)

A third baseman must be quick on his feet and possess a strong arm. He must have cat in him because he is the closest infielder to the batter. He must be ready for bunts at all times.

A good tip would be to watch Billy Cox of Brooklyn next time he plays third base. I have seen him make some of the greatest plays any third baseman ever made. He has the natural ability and uses it by being ready for any situation.

Cox is the best glove man in baseball today. He could be a great shortstop or a great second baseman. He has the hands and the reflexes.

A third baseman should play with his hands on his knees and be balanced.

Easy Way to Shift

On a ball hit between him and the shortstop he must bring his right leg across his left foot. It's the opposite way on going to his right; bring the left over the right foot. Try it sometime and see how easy it is to save a step.

The third baseman should get to learn the opposing hitters. For instance, play deep and closer to the foul line when there's a pull hitter up. If he's a good hitter of the Ralph Kiner type he's less likely to bunt. With most left-handed hitters the third baseman can stray farther from the bag.

However, this is not true of the scatter hitters, fellows like Stan Musial, Gene Woodling and Dale Mitchell who can hit to all fields. Woodling and Mitchell often swing late and hit to the left side of the diamond.

Yogi Berra, when he has two strikes on him, often hits to the left side. All he's trying to do with a two-strike situation is meet the ball.

Get in Front of Ball

A third baseman should get in front of hard hit balls. If you can't field a hard hit ball cleanly at least you can block it from going into left and possibly becoming a two-base hit. These days a two-base hit is the bane of many pitchers. They worry about that man in scoring position.

Always try to get the front runner. When the tying or winning run is on third base and it's less than two out you must throw the ball to the plate instead of trying to make the double play. Always try at any cost to keep the opposition from scoring the tying or winning run.

Here are a few situations that a good third baseman must learn to combat:

With men on first and second and none out and a bunt in order, the third baseman should play in about three steps and close to the line. The reason: If a ball is bunted on the line he can run straight in for the ball.

If the ball is bunted so the pitcher can field it, the third baseman has to go back only three steps to take the pitcher's throw for the force out. If the bunter misses the ball and the runners are going, as they should be, the third baseman is close enough to the bag to take the catcher's throw and thereby prevent a double steal.

If the ball is bunted between the pitcher and the third baseman, the latter is in a direct line for a play at first base.

A Play Pie Originated

I'm not meaning to be boastful but here's a play that I originated years ago with the Pittsburgh Pirates.

When the ball was hit to me at third base and with a runner on third I would fire the ball into the plate to get the man going home with one out or less.

The moment I threw the ball I would run as fast as I could and the moment the runner held up, the catcher would return the ball to me. It was easy to tag the runner. I would be standing next to him. But wait! As I tagged the runner I'd be getting set to make a throw to first base to get the batter. And many times we'd get the batter because he had made the turn of first base toward second.

This play is all a matter of timing. We used to get Uncle Robbie, who managed the Dodgers, nuts with that play.

Here's another situation that's simple to handle:

With men on first and second on a ball hit to the third baseman playing close to the bag, all the fielder has to do is touch the bag for a force out. Then the next play would be first base since the batter is easier to double, than the man going to second.

The same applies when the third baseman catches a line drive with men on first and second and less than two out. Throw to first base for the double play. The man on first is easier to get because he has a bigger lead.

JOHNSON GAINS BRISTLING TKO WIN OVER WARD

NEW YORK (AP)—It takes only one good showing in these days the big time.

George Johnson, a 23-year-old Trenton, N.J., puncher, turned the trick last night when he stopped muscular Moses Ward of Detroit in 1:19 of the fifth round of a brawling bout at St. Nicholas Arena.

May Meet Saxton

As a result of his standout victory—his 17th straight—the wiry, Florida-born fighter was in line for a lucrative match with welterweight contender Johnny Saxton in Philadelphia May 17 or 19.

Philadelphia matchmaker Pete Moran, who saw Johnson beat the 6-6 favored Ward, said he hoped a network television show.

1st TV Appearance

Although Johnson, a father of four, had a fine record, last night's bout was his first appearance on a network television show.

"I wanted to make it a good one," said the happy winner, "and I guess I did. It sure felt swell." It was Johnson's 27th win against three defeats and his 21st knock-out triumph. He hasn't lost since he was stopped by Baby Day 26 months ago. Ward dropped his third in a row. His record now is 17-5-2.

OFFICIAL SAYS OPPENHEIMER LOYAL TO U. S.

WASHINGTON (AP)—A high-level member of the Eisenhower administration says he feels that Atomic Scientist J. Robert Oppenheimer is a "loyal American," even though "the information in his file is voluminous and makes a... case of security risk."

This official gave his opinion to newsmen, but stipulated that his name not be disclosed. He has had contact with the Oppenheimer case since 1948 when the pioneer physicist—credited with a leading role in development of the atomic bomb—was questioned by a congressional committee.

Oppenheimer has been barred from further access to U. S. atomic secrets pending a review of his case. A special three-man Atomic Energy Commission panel has been sitting in the case.

"Blank Wall" Ordered

A "blank wall" was ordered placed between Oppenheimer and government atomic data last December after the AEC said it had received information that he was a security risk. The scientist denied this and asked for a hearing.

The administration official said it is up to the panel headed by former Secretary of the Army Gordon Gray, to decide whether Oppenheimer is a security risk. The official said he is "sure Dr. Oppenheimer will get a fair hearing."

He said the physicist's file presents "an extremely difficult problem."

The overshadowing issue in the Oppenheimer case, said this official, is whether the government should hold that past associations, even if forewarned, should forever after rule out government employment.

"I do not believe it should," he said, and added:

Have "Prima Facie" Case

"I believe each case should be considered on its merits, particularly when dealing with an ideology which during the 1930's had such an appeal among the intelligentsia and various other groups."

"If the man is not a security risk, if he is not subject to blackmail, he should have a right to work for the government."

"Dr. Oppenheimer, at least on the evidence I have seen, in my opinion is a loyal American. On the other hand the information in his file is voluminous and makes a 'prima facie' case of security risk."

One of the allegations against Oppenheimer is he opposed development of the hydrogen bomb even after President Truman ordered in 1950 that work on that super-weapon be pushed. Oppenheimer has asserted he dropped his opposition as soon as Truman made his decision and that he went at the task with a will.

PHILLIES SIGN YANKS' HAMEY NEW GEN. MGR.

PHILADELPHIA (AP)—Roy Hamey settled down today to his new job as general manager of the Philadelphia Phillies with his employer hoping he'll inject some championship hustle into the National League club.

Hamey's appointment came—in his own words—like "a bolt out of the blue."

"I learned about the deal only Thursday and I came to terms that night," said the 51-year-old baseball executive.

A Yank Since '51

Hamey had been assistant general manager of the New York Yankees since 1951 and prior to that was general manager of the Pittsburgh Pirates and president of the American Association.

Announcement of the Hamey selection was made yesterday by Phillies owner Bob Carpenter. The Phils had been without a general manager since the death of Herb Pennock in 1948.

5-Figure Salary

Hamey's salary was not disclosed but it was reported he will receive an amount equal or close to the \$25,000 a year paid Pennock.

Carpenter, who has been handling the general manager's chores in the last five years, made it plain Hamey will be the boss on all club personnel matters.

"He will handle contract signings, negotiate player deals and player purchases, be in charge of player advancement from the farm system," said Carpenter.

And Carpenter added: "The manager (Steve O'Neill) and the coaches will come under his jurisdiction."

Under Hamey the club executive setup will be the same as it was under Pennock, credited with a major role in building up the team to a National League pennant in 1950.

4 RACE HORSES PERISH IN FIRE

BOSTON, (AP)—Four race horses valued at a total of \$25,000 perished and 24 others were rescued last night when fire destroyed a large barn at Suffolk Downs — which opens its spring meeting next Monday. A stablehand and a firefighter were injured.

The dead horses are the Revel Stable's Gay Cotton, valued by owner Russell Gruber of New Orleans, La., at \$10,000, and Hopeful Sue, Unkle B. and Baby's Bid, owned by William Resseque, also of New Orleans. He valued each of the three at \$5,000. Cause of the fire was undetermined.

The horses were part of a string of 20 brought in for the 37-day meeting which opens the track's 20th season.

The 58-stall, 290-foot barn was destroyed at a loss estimated undifferably at \$5,000. Fire walls prevented the blaze from spreading to other barns.

New Oxford

NEW OXFORD—Word has been received by local relatives of the birth of a son to Capt. and Mrs. Esten C. Carper Jr., Quantico, Va., April 2 at that place where Capt. Carper, formerly of here, is stationed with the Marines. Mrs. Carper is the former Doris Miller, daughter of Mrs. W. Hafer Miller. The couple has two daughters, Carole and Dorinda.

Gerald L. Orndorff, teacher at the Pine Run school near town, has reported that these pupils have attained a record of perfect attendance for the past month: Donald Mays, Joyce Eisenhart, Lorraine Harman, Margaret Linebaugh, Susan M. Meckley, Mary Rinehart, Geraldine Staub, David Baublitz, Richard S. Bennett Jr., Edward Staub, Robert Walker, Shirley Gallagher, Brenda Wolf, Robert Mays, David S. Meckley Jr., Clinton Myers, Gerald Rinehart, Doris Baker, William Dubbs, Earl Linebaugh and Linda Harman.

The Rev. W. J. Kaifer, a Jesuit Father, is spending a part of the week here at the Catholic rectory to assist Father Philip J. Gergen, pastor, with concluding Holy Week and Easter services. The two Vincentian Fathers who spent two weeks here early this month to conduct a mission, have left for other assignments.

Mrs. Plus Long, whose husband died last week, has left here to make her home in Hanover.

The infant son of William and Dolores M. Staub Smith has been named Linus Joseph. The father is an army veteran.

Two cousins, Burnell and Joan Marie Smith, became godparents of baby Jane Louise Rabine, born last week to Paul and Mary Elizabeth Smith Rabine. The christening was held Sunday at the local Catholic Church with the pastor, Rev. Philip J. Gergen, officiating.

The Rodney A. Noel family has left the R. 1 farm of his late father, Arthur S. Noel, for Irish town where Mrs. Noel resided before her marriage and where they purchased a house. The new tenants of Mrs. Noel's farm are the Williams family, formerly of the Gettysburg area.

CHRISTIANS IN PENNSYLVANIA MARK EASTER

By THE ASSOCIATED PRESS

Christians throughout Pennsylvania today marked the end of the Lenten fasting period in preparation for Easter Sunday, the most days.

And the weatherman promised warm weather with cloudy skies. In contrast to Good Friday's solemn rites, tomorrow's observances, commemorating Christ's resurrection, will be joyous and hopeful, highlighted by the traditional sunrise services.

Jewish Event Too

By coincidence—the first time since 1924—Jews start the eight-day celebration of Passover to night, on the eve of Easter. Passover commemorates the flight of the Jews from Egypt.

Philadelphia's oldest Easter Sunrise services will be conducted by the Rev. Ross H. Stover, pastor of the Messiah Lutheran Church. It will be 20th straight year Mr. Stover has led the giant rally.

It will include a choir, dedication of a huge floral cross and greetings from Miss Evelyn Ay of Ephrata, Pa., the 1954 Miss America.

The Junior Chamber of Commerce will sponsor a sunrise service in Reyburn Plaza in the heart of downtown Philadelphia.

Fine Going To Church

Gov. John S. Fine will attend Easter services at the chapel on the Indian town Gap Military Reservation.

While the day marks the full flowering of Christianity, there are more modern touches—the Easter parades and the egg hunts.

Many of the latter were a community project. In Titusville the Junior Chamber of Commerce sponsored Saturday afternoon hunt in Burgess Park for kids up to 10.

The Campbelltown American Legion provided eggs for children in that Lebanon County town. In Emmaus, near Allentown, the Kiwanis Club hid 2,800 eggs in Pine Tree Park.

FAVOR LANGLOIS IN BOUT TONIGHT

SYRACUSE, N. Y. (AP)—Carmen Basilio and Pierre Langlois, both in top fighting form, meet tonight in a 10-round nationally televised (ABC) middleweight bout. The tricky Frenchman is a 6-5 favorite.

Langlois is expected to scale 155. Basilio, a Canastota farm boy will weigh about 150.

The 9 p.m. EST match—a return bout—shapes up like an old-fashioned grudge fight. More than 7,000 fans are expected to crowd the Syracuse War Memorial to watch the boys try to erase the ranking draw decision that marked their other meeting here last December.

Basilio thinks Langlois used unfair tactics in that one. And Langlois has complained that Carmen's handlers didn't perform according to the book.

154 Bus Drivers Win Pay Increase

CHESTER, Pa. (AP)—The 154 drivers of the Southern Pennsylvania Bus Co. have won a 25-cent-an-hour wage increase, thus averting a threatened strike.

Settlement was reached yesterday after a seven-hour session between the company, representatives of Lodge 1024, Brotherhood of Railroad Trainmen and state mediator William McDougall.

The contract, for two years, calls for a five-cent hourly increase retroactive to March 21. The drivers, who had been making 1.60 an hour, receive a 15-cent increase retroactive to March 21. The cents Dec. 19.

Philadelphia Area Fog Slows Traffic

PHILADELPHIA (AP)—Air, ship and land traffic was either halted or slowed to a crawl last night as a thick, soupy fog settled over the Philadelphia area.

Inbound and outbound vessels inched their way along the Delaware River. The scheduled take-offs of eight planes at Philadelphia's International Airport were delayed and seven planes bound for the field were diverted to other airports. There were a number of minor traffic accidents.

Cites Many Defects Of Internal Combustion Engine; It Has To Be Cranked And Is Not Reversible

Many people are going to have a new car for springtime. The rest will have a new springtime for the car.

It Must Have Something

Some day when you are heaping praise on the highly developed internal combustion engine under the hood of your faithful bus it might be interesting to ask how it happens that this type of power plant has become so popular. Actually it has a number of serious defects. So many, in fact, that one wonders how it ever got such a head start. One of its serious faults is that it has to be cranked to get into action. It also isn't reversible. It has no stored energy, and requires either a clutch or a fluid coupling unit to transfer its movement to the car, with a torque converter or gearing to overcome the fact that it has no available overload

All To The Good

There's a silver lining to the current revival of need for more frequent removal of carbon. What the trade discovered when anti-knock gasoline made carbon less of a pest with engines of normal compression ratio was that owners also postponed many car services in their postponement of carbon removal. With high compression now becoming the rule of the day a little carbon can cause quite a lot of pinging. But in having carbon removed there is inclination as well as the opportunity to prevent other troubles.

Among My Memories

It seems only yesterday, but actually it was way back in 1922, when the Rickenbacker car first saw the light of day. I have always been saddened that this car

did not come down through the years as one of the greats because it would have been just one more tribute to a man who is beloved and respected. I was just starting in this business of repairing the motor scene when I happened to drop by the Rickenbacker booth at the Grand Central Palace. It was dinner time and the place was well thinned out. Suddenly I realized that the man who was about to answer my questions about the new car was no other than the famous Eddie himself. He made me feel that I was as important as anyone else in the press box. He was kind and patient. If my story had been about the man rather than the car I think I could have been a lot more accurate in my forecast.

Mechanic Joe Speaking:

"The gas mileage you get from your car may be sadly reduced by certain types of power losses. The most common of these is retarded spark, but a close second is a slipping clutch. Many owners of cars with automatic drives do not realize that not having sufficient fluid in the device will have the same effect as clutch failure.

"Overheating is a common power waster. So is a draggy brake, though not as troublesome as too tight front wheel bearings, because as the brake drum heats it pulls away from the shoes. Even misalignment of front wheels will drag on the motor, but not as much as under-inflated tires."

Two "Downs" For Pedal

We have to be careful these days to differentiate between the process of pressing all the way down on the accelerator and pressing down and beyond a resistance point which brings the kickdown switch into action. This is found on cars with overdrive as well as on those with automatic drives. When you are advised to press all the way down on the pedal for re-starting a hot engine just go to the floor but not past the resistance point. A fully open throttle permits the pistons to suck in more air, thus leaning the over-rich mixture and helping a choked up, hot engine to fire again.

Double-Checking Pressure

If that oil gauge shows very high pressure there are ways of telling if it is being truthful. High pressure means more oil being delivered to the piston pins and cylinder walls, and thus more of a chance of oil getting past the rings. So if there is no smoking at the exhaust, and the oil level stays up, probably the gauge is faulty. Normally, very high pressure indicates a clogged line.

One little service few motorists remember is to clean out that little heat control tube which runs from the exhaust manifold to the automatic choke. If this gets par-

JUDGE DENIES VENUE CHANGE

DOYLESTOWN, Pa. (P) — Judge Edwin H. Satterthwaite Thursday rejected a defense motion to change the location of the trial of 22-year-old George L. Capps, former Levittown resident, who is charged with slaying of his 15-year-old neighbor, Maria Marie Gibbons on Jan. 22.

Judge Satterthwaite ordered the trial started as scheduled on April 26.

The petition for change of venue—shifting of the trial to another county—was argued for two days earlier this month. Court-appointed counsel for Capps, William M. Power and William F. Heefner, contended Bucks County was "so inflamed" by reports of the slaying that it would be impossible for Capps to get a fair trial.

They also said Dist. Atty. Donald W. Van Artsdalen has withheld information, which if released "would have greatly lessened the public furor." They attorneys did not elaborate. Judge Satterthwaite granted permission to the defense to examine medical reports of coroner's physician, Dr. Fred J. Phillips. But the judge turned down a request to examine reports of ballistics experts and laboratory technicians.

Initially clogged with carbon or dirt, as it often does, the choke doesn't open up quickly enough. Where there are electric chokes make sure that the unit is properly attached to the manifold with the right amount of insulation.

The Motor Primer

I made use of a farmer's simple method of saving wood the other day to explain to a friend what the differential does in a car. The farmer had jacked up one of the rear wheels, attached a special pulley and was driving the buzz saw with a long belt. Only one of the rear wheels revolved, my friend observed. How come?

The differential is a set of special gears which permit power to be switched from one wheel to the other if one of them is slowed down or stopped. Such variations will occur as car wheels traverse rough places in the road, as the brakes are applied and when the car goes into a curve or turn. If both rear wheels were jacked up, my friend could stop either one of them by merely grasping its tire.

Matter Of Ventilation

Where the distributor develops a tendency toward excessive moisture on the inside, with resultant corrosion and cross-firing of high tension current, the chances are

that the ventilating holes in the cap are clogged with dirt. This is a frequent situation where the owner or his mechanic doesn't remember to open up the vents whenever the distributor is being checked. To overcome this situation one of the newer distributors has an overhanging rim which provides many openings for the purpose of ventilation.

Keep The Level Up

Owners of cars which have developed the habit of using more oil than normal often forget that it helps the situation to keep the oil level up. While the oil pan should not be overfilled there is economy in keeping the oil supply up to the "full" mark on the dip stick. The reason is that a full supply of oil doesn't burn off at as fast a rate as a lesser quantity. When the supply is depleted the oil has more work to do, heats more and thus thins down more.

In The Motor Mail

Q: In spite of trying to be careful closing doors of my car I have just broken a new pane of glass in the left front door. They fitted the glass with great care. What do you think caused the second break?

K. L. P.

A: The trouble probably is due to the door itself. You will find that the door bumpers are not on the job.

Q: Both the sending and the indicating units of the electric motor temperature gauge on my car fail to show correct operation when tested. What would cause both units to go bad at the same time?

Wm. G.

A: I do not think the units themselves are at fault. Better check the wiring.

Q: Recently I have noticed that the ammeter reads very unsteadily most of the time. The generator's drive belt is in good condition and isn't slipping. I have checked contacts and connections in the electrical system. R. L. F.

A: You may have trouble with the generator itself, such as a sticking brush holder or poor seating brushes which arc.

Q: There is quite a dull thumping noise in the engine when it idles. I have been told that this probably indicates a burned bearing. If this is the case why do I not hear the noise when the car is running? W. N. M.

A: That's a logical question. Noises always worry us into thinking the worst. The chances are that the engine merely had a sticky valve or a bent valve stem. I suggest a compression or vacuum test.

Q: Recently I have been conscious of considerable chatter in the car when applying the brakes. There was no improvement after having the brake shoes readjusted and the linings checked over. I also note more chatter than usual when starting up the car. J. H.

A: Considering the age of this car, and the chatter when starting as well as when stopping, I think the car has weak springs.

Q: Occasionally I like to crank the engine in order to check breaker points, but with the starting circuit combined with the ignition key I find I can't do this with my new car unless the engine starts. What can be done in a situation like this? T. M. V.

A: All you need do is disconnect the high tension wire between the coil and the distributor. The break can be made at either end of the wire.

Q: I notice a lot of after-firing in the exhaust system when I am going downhill. Have checked ignition timing and find it is right on the button. There is no valve stickage although I have been using some tune-up oil in with the engine oil just in case. L. V. B.

A: You will probably find that the gas mixture is too lean or too rich. If you note any tendency for this engine to "roll" when idling, or if there is some black smoke from the exhaust, the mixture is much too rich.

Miss Patty Moritz, Waynesboro, spent the weekend with her parents, Mr. and Mrs. Earl Moritz.

Mr. and Mrs. John Creager, Mr. and Mrs. Murray Miller, Carol and Eugene Long, all of Thurmont, recently visited the former son-in-law and daughter, the Rev. and Mrs. Roger Burtner.

Mr. and Mrs. Perry Plinchbaugh and family, Red Lion, were Sunday guests of Mr. and Mrs. Earl Moritz and family.

S/Sgt. and Mrs. Robert Deardorff left Thursday night for Albuquerque, N. M., after spending some time with his mother, Mrs. Ruth Deardorff. They were called here due to the death of his brother, Herbert Deardorff. S/Sgt. and Mrs. Deardorff

TEACHER KILLED

HAGERSTOWN, Md. (P) — Miss Dorothy Brown, 48, a Donora, Pa., school teacher, was killed and her sister-in-law, Mrs. Irene Brown, 63, also of Donora, seriously injured Thursday night in a truck-auto collision near here on U. S. 40.

State police said the car, driven by Miss Brown, collided with a tractor-trailer which had jackknifed across the road. The truck driver, John E. Clifford Jr., 22, of Philadelphia, was held without charge.

Jim Tatum, Maryland coach, and Bud Wilkinson, Oklahoma coach, were on the football coaching staff of the powerful Iowa Pre-Flight Naval Training School team in 1941.

dorff also visited Mrs. Deardorff's parents, Mr. and Mrs. Joseph Puma, Geneva, N. Y.

MAKE MOWING A PLEASURE

Keep your mower really sharp and easy running by having it sharpened by machinery — the Ideal Way.

A sharp mower is easy to push. Cutting grass with it is a pleasure instead of a drudgery. More than that, a really sharp mower shears the grass, clipping it off smoothly and evenly so that your lawn will always show a surface of unbroken velvety green.

Nothing damages and ruins a lawn so quickly as a dull mower. Not only does it leave your lawn ragged in appearance but it literally tears the grass out by the roots, doing damage that will take an entire season to repair.

We sharpen your mower on the Ideal Lawnmower Sharpener. This is a scientific machine designed especially for sharpening lawnmowers. It holds the blades of the mower in position so that each blade is sharpened evenly to a razor-like edge and with just the right clearance to obtain the cleanest cut with the least wear—something that cannot be done with a file or emery dust.

The Ideal Way makes your mower cut better, run easier and last longer. When your mower needs sharpening, give us a call.

We Also Are Equipped To Overhaul And Sharpen All Makes And Types of Lawn Mowers.

ANNOUNCEMENTS

In Memoriam 3

ERB—In loving memory of Wilson R. Erb, who passed away four years ago today, April 17, 1950.

"We watched his breathing through the night,
His breathing soft and low;
Past his suffering, past his pain,
He who suffered in at rest,
Gone to Heaven with the blessed.

We saw him fading like a flower
But could not make him stay,
We nursed him with love and kindness
Until God called him away.

More and more we miss him,
God grant someday we will meet
again,
Friends may think the wound is
healed

But little they know the sorrow
That lies within our hearts con-
cealed."

By His Loving Wife, Mrs. Wilson Erb
and daughter, Margaret

In loving memory of E. W. Wright who suddenly passed away,

"Call not back the dear departed,
Anchored safe where storms are
over;
On the border land we left them,
Soon to meet and part no more."

Quick Challenge On "Official" Statement About Use Of Yank Troops In Indochina Conflict

WASHINGTON (AP)—A top administration official's declaration that American troops might be used in a last-ditch effort to save Indochina today brought prompt challenges from both Republican and Democratic lawmakers.

The official, who remained publicly unnamed despite demands for disclosure of his identity so that he could be questioned by Congress, said he believes Indochina can be saved from the Communists by other means without employing U. S. combat units there.

But he said that if French forces should withdraw, an event he called unlikely, this country would have to send in troops. He said this was because—and he repeated the words of President Eisenhower—"we cannot afford any retreat in Asia."

His statement, made yesterday to newsmen who were cautioned not to make public his name, included a prediction the French government is "going to be putting on the pressure" to negotiate an Indochina truce with the Communists at the April 26 Geneva Conference.

It was his opinion, the official said in a clear indication of American opposition to such a move, that such a truce would deliver Indochina to the Communists.

Although the official's declaration was regarded in some quarters as reflecting a National Security Council decision, the purported policy was challenged immediately by Republicans as well as Democrats.

Sen. Hickenlooper (R-Iowa), a Senate Foreign Relations Committee member, said in an interview he doesn't believe any decision has been made to use American troops in Indochina under any circumstances.

"If we have such a policy, I'd like to know about it," Hickenlooper said, "but I don't think we have."

Sen. Long (D-La.), a former Armed Services Committee member, said no U. S. troops should be sent to Indochina without a congressional resolution approving it. And he said he would vote against any such resolution.

President Eisenhower told his news conference Feb. 10 that no one could be more bitterly opposed to getting the United States involved in a hot war in Indochina than he was. Consequently, he said every move he authorized was calculated, as far as humans could do it, to make certain that does not happen.

The storm over the Indochina statement overshadowed a controversy over President Eisenhower's pledge yesterday that the United States will maintain a "fair share" of troops in Europe for joint defense of the continent "while a threat to that area exists."

The President's declaration, issued from his vacation headquarters at Augusta, Ga., was addressed to the prime ministers of the six nations involved in the projected European Defense Community. U. S. officials indicated it was aimed at encouraging the reluctant French to join the organization.

Chairman Saltonstall (R-Mass.) of the Senate Armed Services Committee said he was asking Secretary of Defense Wilson to describe the "official nature of the commitment."

Sen. Mansfield (D-Mont.), a Foreign Relations Committee member, predicted there will be discussion in the Senate of what he said was the administration's failure to tell members of the Armed Services and Foreign Relations Committees about the announcement. Administration sources said it had been discussed with both Republican and Democratic leaders.

SAY M'CARTHY HAS "BILL OF PARTICULARS" AGAINST ARMY

WASHINGTON (AP)—A "bill of particulars" by Sen. McCarthy (R-Wis.) against top Army officials today was reported in store for his Senate investigations subcommittee when it goes into closed-door session Monday.

McCarthy was vacationing in Texas. But he was expected back in Washington over the weekend to attend subcommittee talks which may determine whether the group can, as it now plans, launch on Thursday a public, televised search for the truth among the charges and counter-charges involved.

Word from his associates was that McCarthy "will be prepared to submit Monday a written statement of specifications" denying denouncing accusations the Army has leveled at him and a group of aides, and spelling out counter-charges McCarthy is raising against top Army officials.

Some Harmless Remain That could clear away a major stumbling block to a Thursday start of the inquiry. Other hurdles still remain, among them a decision by the subcommittee on just what role it will let McCarthy play in the hearing.

The Army submitted its "bill of particulars" three days ago. It accused the senator and two aides of trying to exert improper pressure to obtain favored treatment for Pvt. G. David Schine, a former non-salaried subcommittee consultant.

McCarthy has stepped temporarily from the subcommittee chairmanship while the group investigates him and the staff aides under the Army's fire.

Army "Not Specific" Sen. Mundt (R-S.D.), who will preside at the inquiry, says he hopes McCarthy will agree Monday to step farther to the side by waiving the right to question witnesses.

Mundt said yesterday the Army was not "as specific as we could have liked" in its bill of particulars.

He said he expects from the McCarthy camp Monday a point-by-point reply to the accusations, plus one or more statements detailing the countercharges of "blackmail" which McCarthy and his aides had aimed at Secretary of the Army Stevens and John G. Adams, Army general counsel.

Acute accidental poisoning accounts for about 1,500 annual deaths in the United States.

Abbottstown
ABBOTTSTOWN — Miss Elsie Eisenhart recently attended the convention in Washington of the Daughters of the American Colonists. She is a member of the Gettysburg Chapter.

Prof. Willis Eisenhart, who spent two months traveling in the Holy Land and Egypt, was scheduled to arrive in New York, Thursday.

Dean Diehl, a student at Penn State University, is here with his mother for the Easter holidays. Karen and Gary Hoffheins are reported ill.

The card club meet at the home of Mrs. Raymond Lillich Wednesday. Prizes were won by Mrs. Gus Astor, Mrs. Robert Berkhimer, Mrs. Roger Wildagin, Mrs. Ed Altland, Mrs. Ernest Hoke.
